

Take a walk

behind an

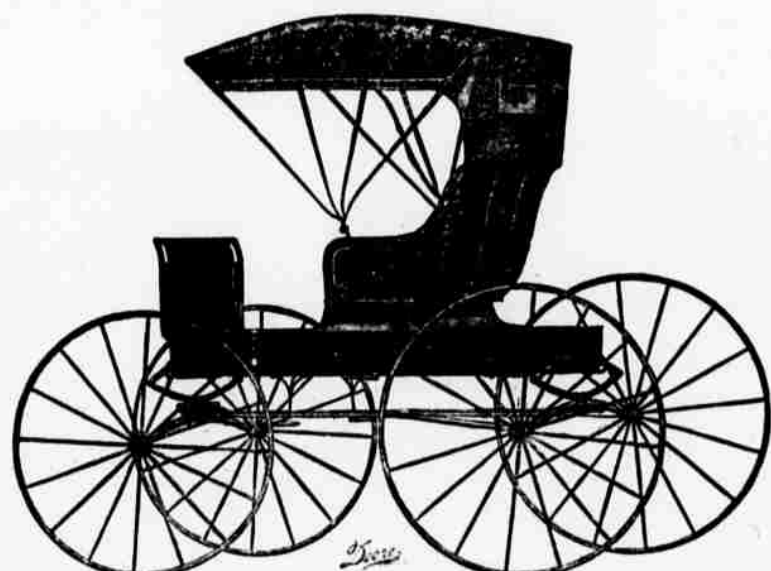

OLIVER No. 2 Cultivator

and you will be surprised and delighted at the ease with which you can handle it.

It's built that way—built light, but strong and rigid, and braced in a way that means service and long life.

And then, it's so easily adjustable, you can suit it to the requirements of your work in no time at all.

It has many good points, it's an Oliver. Walk over our way and look this cultivator over. You will be more than pleased.

J. D. REYNOLDS

Mr. Farmer:

It is now coming the time of year for you to make your purchase of a Cultivator, Mower and Rake. We have a big line of these implements and we would be glad for you to stop in and see what we have. We have the best line on the market for the money.

John Deere TA-17

NEW ELK, Jr., Automatic Cultivator

CRANK SHIFT and ADJUSTABLE FRAME

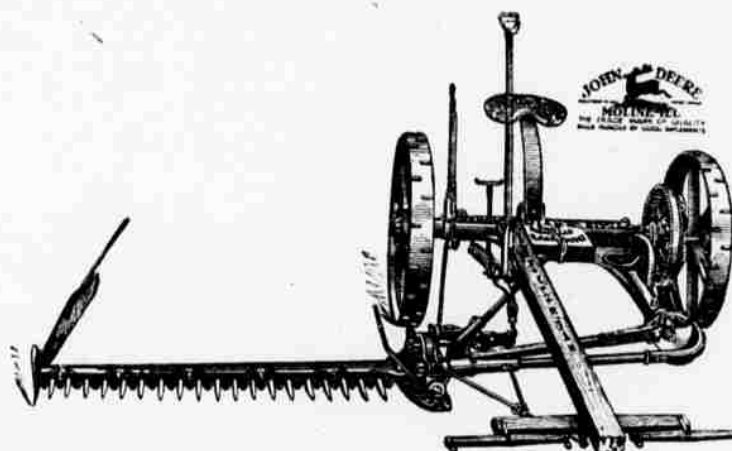

EVERY man who has ever used ordinary riding cultivators knows what it is to have sore shins and tired legs from shifting the rigs. The inconvenient location of the stirrups on the rigs is hard on the feet and ankles. The continual swinging back and forth of the legs is tiresome.

The JOHN DEERE NEW ELK, JR., Automatic Cultivator, has a crank shift which eliminates these discomforts. A slight push with the right or left foot quickly throws the rigs to one side or the other, dodging a hill out of line even though the shovels have approached within a few inches.

Horses do the raising of the rigs. A thumb-latch releases the balancing lever and the rigs raise automatically. Only one operation is necessary in place of three.

For efficient service the NEW ELK, JR., Automatic, has no superior.

Send for complete information or call at our store and look it over. It will bear investigation.

SCHOOL NOTES.

The class play will be given Friday, May 17.

Our commencement exercises take place Saturday, May 17.

No better work has been done this year than that in the review classes of the several rooms.

The nature study in the intermediate room this week is given to the discussion of our native birds.

The second primary pupils spent the opening exercises Tuesday morning with the high school and grammar grade students.

The little folks in the first primary room are greatly interested in wild flowers and have brought a great many kinds of them to school lately.

The singing class from the upper grades went to the Dennis church Saturday night and sang for the regular preaching services. They enjoyed the trip hugely and did very excellent singing.

The advanced physiology class is giving a great deal of time to drawing in their recitations and you would be surprised at the skill most of them show in illustrating circulation of the blood, digestion and curvature of the spine caused by improper position in school.

Reserved seats for the class play and commencement exercises both

will be sold for 50c each. This will give all who prefer reserved seats for both nights their places at a very reasonable rate. The general admission to the play will be 25c and 15c but no general admission will be charged for the graduating exercises.

The attendance this month has been very good and the work of the year will be closed up in much better order than has been possible with an eight months term. A few parents have allowed their children to drop out of school but the evil results of such carelessness will be very apparent not only to the pupils themselves but to the patrons as well when such students are not promoted to the next grade and they can't be promoted because they have not finished their work. It is a very serious matter and the teachers regret very much that any pupil should be kept in the same grade for another year but if children remain out of school they can not hope to make their grades.

Mrs. Charles Morse has returned to her home in Sheridan, Wyo., after a visit with her parents, E. G. Comstock and wife.

TO MEET HERE

The Frisco agents of the Ozark division, of which G. S. Burney is president, will hold their next regular meeting in Mansfield Saturday, May 17. In addition to the agents several prominent railroad men are also expected to attend. We are glad to see them meet here and Mansfield will give them a cordial welcome.

At the noon hour a feast of good things to eat—prepared as only Mansfield ladies can prepare a feast—will be served at the G.A.R. Hall, under the auspices of the Young Men's Business Club, to the visitors and to the members of the club and their families. Dr. F. H. Riley has appointed the following ladies as a committee to have charge of the affair, and, with the capable assistance of the other ladies, they will look after the matter—Mesdames J. D. Reynolds, G. S. Burney, C. L. Beach, N.S. Miller, G. B. Freeman, M.G. Hensley, W. B. Hitchcock, W. A. Black and F. H. Riley.

Mrs. G.D. Crocker has completed her visit with her brother, E. G. Comstock, and wife and returned to her home in Galesburg, Ill.

There Are Several Good Separators

BUT THERE IS

Only One Best Separator—that's the MILWAUKEE

A FEW REASONS WHY

The Only Separator with Interchangeable Aluminum Discs.
The Only Separator with No Numbers On Discs.
The Only Separator with Self-Balancing Discs.
The Only Separator with Clarifying Discs.

THE MILWAUKEE

Compare the number of Discs, the weight of the bowls and the PRICES with other make separators of like capacity and high-grade quality. A five year written guarantee goes with every machine. You take no risk. Let us give you a demonstration—See the MILWAUKEE at

TO SECURE NEW MEMBERS

The Young Men's Business Club should have on its membership roll the name of every man in Mansfield and vicinity. With the idea of materially increasing the club's membership, W.B. Hitchcock, G. S. Burney and W. C. Coday have been appointed as a membership committee to secure new members. The dues are only \$3 annually, payable Jan. 1 and July 1 in advance. If the committee fails to see you, see the secretary, W. C. Coday, and he will gladly take your application for membership. Do it now.

DIED AT SEDALIA

Word was received in Ava Tuesday evening that W. A. Latimer of Sedalia died at his home in that city Tuesday shortly afternoon. Mr. Latimer was secretary and treasurer of the K. C. O. & S. Ry. and 1/4 owner of the road. Mrs. Jno. W. Byng is the only child, who left about ten days ago to be at his bedside during his illness. Mr. Latimer grew worse very rapidly and Mr. Byng was sent for Saturday.—Ava Herald.

Rheumatism Quickly Cured.

"My sister's husband had an attack of rheumatism in his arm," writes a well known resident of Newton, Iowa. "I gave him a bottle of Chamberlain's Liniment which he applied to his arm and on the next morning the rheumatism was gone." For chronic muscular rheumatism you will find nothing better than Chamberlain's Liniment. Sold by all dealers.—Advertisement.

TO ISSUE PREMIUM LIST

Dr. F.H. Riley, Prof. J.A. Hyllton, Geo. B. Freeman and J.D. Reynolds, as a committee from the Young Men's Business Club, are at work on the premium list for Mansfield's second annual stock show and carnival. It is planned to offer premiums aggregating \$250. A boys' corn-growing contest will be one of this year's features.
